#### GENERAL COMMITTEE TO HAVE CHARGE OF THE PLAYGROUNDS

Proposition Is Rejected to Affiliate With Civic Improvement League for Summer Vacation Plans.

At a meeting of the General Committee of the Vacation Playgrounds Tuesday afternoon, it was decided that the work of preparing the playgrounds be done by the General Committee, a plan offered by the Playgrounds Committee of the Civic Improvement League, of which Dwight F. Davis is chairman, having been rejected. The work will be conducted separate from any improvements made by the Civic League. While the committee favored harmony in the work it was deemed best to refuse the proposition because the plans were considered indefinite.

Mrs. Fish, chairman of the Committee on Location, reported that the work of securing suitable grounds was progressing and stated that the committee would soon make a report.

The committee enters upon the year's work with renewed vigor and expects to have grounds established in a few weeks. Mrs. Ashley D. Scott of No. 2518 Morgan street is receiving donations of money and Mrs. De Wolf of No. 5459 Bartmer avenue is receiving clothing and toys.

The officers of the committee are: Mrs De Wolf, president; Mrs. Mrs. McCulloch, first vice president; Mrs. E. Y. Clapp, second vice president; Mrs. E. Wolfner, Equipment; Mrs. Ashley D. Scott, Finance Committee; Mrs. Ashley D. Scott, Finance Committee; Mrs. Ashley D. Scott, Finance Committee; Mrs. E. W. Dwight Tredway, Printing; Mrs. E. C. Runge, Visiting; Mrs. F. A. #### SEVERE ATTACK OF GRIP. Cured by One Bottle of Chamberlain's

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy." says Frank W. Perry, editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspounful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had surprise is putting it very mildly.

cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock but the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu. DANGER OF COLDS AND GRIP. The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take.—Adv.

CITY WINS RIVER LAND SUIT. Judge Trieber Decides Federal Court Has No Jurisdiction.

Judge Jacob Trieber, in the United States Judge Jacob Trieber, in the United States Circuit Court yesterday, dismised for want of Jurisdiction the suit of Wilford F. Joy against the city of St. Louis.

The suit was instituted in 1826 for possession of certain land lying along the North Wharf, between Dock and Madison streets, comprising acretions from the river. Title to this property was claimed by virtue of a grant made in 1729 by Zenus Trudeau, Lieutenant Governor of the Spanish province of Upper Louisiana, to Louis Labesume.

The property in question is part of the tract for possession of which the Board of Education has instituted suit.

The Circuit Court decided against Joy, and he carried the case to the Federal court on appeal.

Kober declares that he has not, as reported, been perniciously active in pushing the charges against Mr. Baumhoff, and he does not propose to submit to removal under the circumstances, except for good and sufficient reasons, which, he says, are not now apparent to him.

Mr. Kober is a director of the United States Postal Clerks' Association, and he has written to F. L. Rogers of Chicago, president of the organization, explaining his case and asking support in his determination to appeal from the order of suspension.

De Fontans on Embezziement.

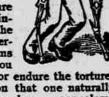

Albert de Fontans of Paris, France, was arrested yesterday on an information issued by Circuit Attorney Folk which charges him with embezziement.

Alfred Courtin, also of Paris, made the complaint. Courtin charges that he invested about \$2,000 in a company to be known as the Franco-American Syndicate, which was to control the French exhibits at the World's Fair.

According to Courtin, he was to be secretary of the syndicate at a salary of \$70 a month. Offices were opened in the Bank of Commerce building. Courtin now alleges that De Fontans decamped with all of the funds, leaving him not even enough money to pay the office rent.

# A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure per-manent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You

must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored splotches and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay.

S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interest-ing and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.
